

One powerful bundle manages all your retail tasks, from assemblies to special orders to catalog import.

# DRS Bicycle / Outdoor Bundle 2007™

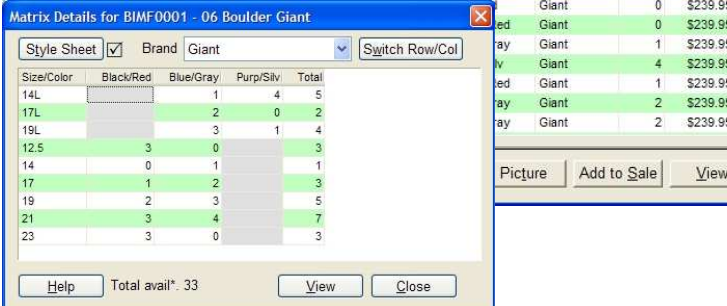

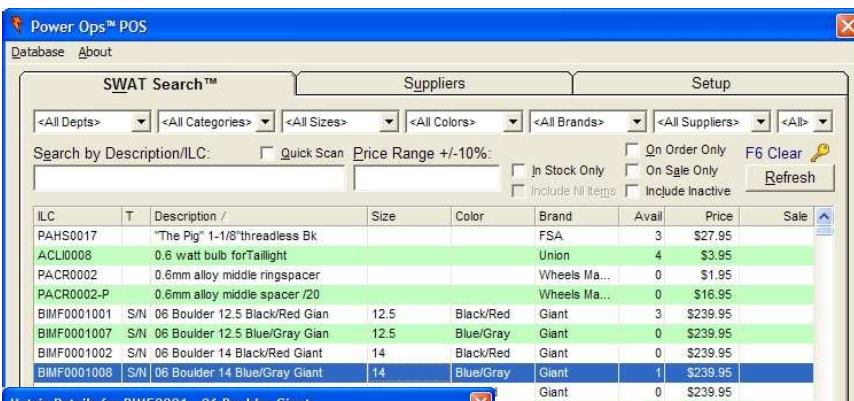

for Microsoft® Retail Management System

With **DRS Bicycle / Outdoor Bundle**, one great bundle installs the tools bike retailers need to get lightning-fast search enhancement, automatically generated item codes, item creation with matrixed size/color/style, serialized inventory tracking, special order tracking, database-driven product signs, and much more.

DRS Bicycle / Outdoor Bundle includes these great DRS Add-ins for RMS: TenderView, DRS Status Window, SWAT Search, Power Ops, AutoGen, Serial Editor, Special Order Tracker, SmartPOP, JumpStart, DRS Tools, and Custom Reports and Templates.

## DRS Bicycle / Outdoor Bundle packs power:

- **DRS Power Ops** provides enhanced search capabilities, matrix management, custom ILC generation, pricing tables, new item wizards, PO generation, and quick access to supplier info
- **DRS Tools** marks items inactive based on activity and logical filters
- **Special Order Tracker** manages and monitors customer requests for special purchases
- **SmartPOP** is a database-driven signage and hangtag add-in that generates signs on demand. Select items, pick a design format, and print
- **Serial Editor** tracks serialized items including assembly date, assembler, and more. Print item labels on-the-fly, assign temporary SNs, print price labels by Purchase Order
- **SWAT Search** provides enhanced search functions in POS and Manager; tag and sell, add new items to POs and much more
- **TenderView** simplifies balancing cash drawers at end-of-day. View totals and details onscreen; count and balance without running an X report
- **AutoGen** speeds up item code creation with structured or unstructured codes
- **DRS Status Window** adds customer account and item stats to POS along with order alerts
- **Custom Reports/Templates** galore!
- **New in 2007:** Support for Microsoft Dynamics

Import/update product catalogs from participating suppliers

## DRS Bicycle Bundle 2007

### DRS Jumpstart:

- Quickly search Bike-alog directly from within Store Operations or HeadQuarters
- Import items from Bike-alog on demand, including supplier sources
- Add Bike-alog Want List items to RMS in seconds
- Search Bike-alog suppliers for contact information
- Import Bike-alog supplier data with contact and extended information
- Load bike models into size/color matrices in a few clicks (with photos)
- Add new items including matrix creation; copy option for quick adds

### DRS SO Tracker:

- Monitor all open work orders, layaways, and backorders with out of stock items
- Quickly create on-the-fly special order items in Store Operations POS
- View supplier information including phone, email and website link
- Track action items on sales orders including deposit, order status, need to order, receipt status, and delivery
- Maintain a customer contact log of phone, email or fax attempts
- Track special orders by store location when used in an HQ environment
- List view filters for Deliverable, On PO, Need to Order, Drop Ship
- Color-coded list views identify action items
- View and recall any customer order to POS
- Add line item comments or extended descriptions; print ext. description on PO
- Generate standard, drop ship, or special order purchase orders
- Auto-allocate received stock to orders
- Label incoming stock with customer account and order information
- Enhanced Special Order report
- View all open orders including stocked items
- Status Window for POS with order alerts
